Have Commuters Seeing
More Clearly!**

From Worse To First

**Lower Your Energy Bill
in 10 Minutes!**

JEA Services & Solutions

Managing your utility accounts just got easier, faster and better. JEA's Smart Bill is a free, web-based interactive account management and billing tool for commercial and industrial customers.

What can the Smart Bill do for you? Here are some of the highlights of the application.

A user can:

- Receive and pay bill in a paperless format. Avoid the cost and time delays associated with the mail.
- View bill and account information at customer convenience.
- Allow multiple users to view information with full or limited access.
- View consumption history, run reports, graph data for comparisons.
- Set thresholds for alerts (ie: Consumption changes).
- Export the data to excel files.

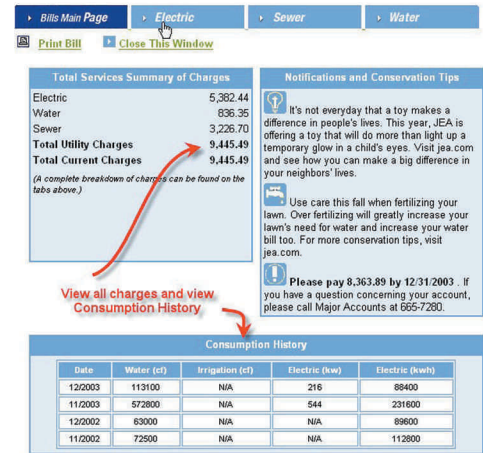

- E-mail your assigned account executive directly from the application.

Minimal usage requirements include

- Internet access using Explorer 5.5 browser or above.
- An e-mail address

If you would like to get more information about JEA's Smart Bill and how it can benefit your business please visit jea.com today or contact your account executive and request a demonstration. Our goal is to be your #1 Service provider and Smart Bill is a way to give our customers the tools and information they need to run their business

To enroll go to jea.com and click For Your Business.
